REMARKS

50X1-HUM

1. No aircraft or guards were seen at the Schkeuditz (M 52/E 12) airfield on 28 September and 1 October 1950. * The Soviet guard detail had left.
2. The field was again reconnoitered on 4 October 1950 on account of a rumor in Leipzig (N 52/E 21) that the field was again occupied. However, no guard personnel were seen. * The landing field was empty and the main building on the southern edge seemed deserted. The field was serviceable. No radio station was seen.

* Comment. There were no changes at the field since the observation of 10 August 1950. The previously reported rumor, according to which the field was to be occupied by an air force unit, has not been confirmed.
